[External Email] This email was sent from outside the organisation - be cautious, particularly with links and attachments.

Hi Samita,

As we are still working through Council's concerns regarding clearance to existing services, could we please pause the Decision-Making Period for five business days to allow additional time to coordinate with Council?

In the meantime, are you able to issue your draft conditions, assuming we have adequately addressed Council's concerns relating to the sewer and stormwater – Just looking for comfort on any other conditions for the development.

Please feel free to call or email if you have any questions.

Thanks,

Mark Fuller

Good morning Mark,

Thank you for your email. Happy New Year and hope you also had a great break.

Regarding the timeframe, it would be great if you could allow at least a week for Council to review the amended plans and finalise decision notice. As the Decision-Making Period for Council is on 22nd January, submission of the plans by 15th January would help us. However, if you require additional time a request to Stop the Clock can be sent to Council.

As discussed previously, Council notes to send the draft Decision Notice for your review.

Please let me know if you have any questions.

Kind Regards,

Samita Thapa
